**HON JOHN CAREY MLA
MINISTER FOR PLANNING AND LANDS**

PART 11B APPLICATION FOR SIGNIFICANT DEVELOPMENT – OMSB PTY LTD – REQUEST FOR AUTHORISATION

On 10 January 2025, Taylor Burrell Barnett, on behalf of OMSB Pty Ltd, requested my authorisation, under Part 11B of the *Planning and Development Act 2005* (PD Act), to lodge a development application for the continued processing of decommissioned offshore assets at Lot 561 Beadon Creek Road, Onslow, for determination by the Western Australian Planning Commission.

I agree with your recommendation that the proposal raises issues of such State importance as to warrant determination, under Part 11B of the PD Act, given the economic importance to the State of decommissioning Chevron's former gas facilities on Thevenard Island.

Therefore, in accordance with section 171M(3) of the PD Act, I give authorisation for the development application to be made and determined under Part 11B of the PD Act.

Yours sincerely

**ROGER COOK MLA
PREMIER**

cc. Western Australian Planning Commission
